consenso. Successful SAP Projects

For our customers. For our partners. For our team.

# OUR CUSTOMERS APPRECIATE...

- our proven (commercial) experience in SAP (architecture) consulting, implementation and application management
- our deep understanding in retail processes and mapping in the SAP Retail reference architecture
- our digitisation framework with retail best in practice templates (capability map, business processes, reference architecture)
- our prototypical approach to shorten project duration and ensure project success
- the binding commitment of our management through a direct assumption of responsibility in the project
